

Dear All,

We understand that it is very time consuming and difficult to keep up with changes to guidance, etc. We will do our best to keep you updated by sending you some information regularly though we would advise that you keep checking in on the PEN website: <https://www.devon.gov.uk/providerengagementnetwork/resources/coronavirus-advice>.

Hourly rate update:

Discussions with DCC are ongoing and we will shortly be asking each provider to individually and formally respond to the financial offer as we are aware there are different views and reasons as to why the offer appeals to some and not others.

[Information](#) for local authorities in England about the grant, which helps local authorities make plans for local outbreaks of coronavirus (COVID-19).

The grant is worth £300 million and has been distributed to local authorities in England on the basis of the [public health grants to local authorities: 2020 to 2021](#).

Coronavirus (COVID-19): guidance for people receiving direct payments:

Source; Gov.uk Updated 10th June 2020

[This guidance](#) sets out the main messages for individuals and organisations that can support planning, and help slow the transmission of the coronavirus as the outbreak progresses across the country.

It's accompanied by additional guidance (third and fourth attachments), mostly aimed at direct payment holders that directly responds to questions and concerns previously raised by direct payment holders, personal assistants, and charities and organisations that support them.
